

## WHMIS

Christy Martin

**Duration:** 2 hours **Cost:** \$75 **Course Minimum:** 5 **Course Maximum:** N/A

All workers in Canada who are working with or around hazardous materials are required by law to have WHMIS 2015 (Workplace Hazardous Materials Information System) training. Horizon Quest Training provides a comprehensive WHMIS Certification Course that has been developed in accordance with the Government of Canada's 2015 Hazardous Products Act for the training of anyone who manufactures, works with or is 'in proximity to' hazardous materials in the workplace. Workers will learn all aspects of the WHMIS 2015 system and be able help keep a safe workplace for themselves and those around them.

This course replaces the previous 1988 WHMIS course and includes changes related to the international standard GHS (Globally Harmonized System of Classification and Labelling of Chemicals)

### Overview of WHMIS

1. What is WHMIS?
2. What are the main elements in WHMIS?
